

# Title Slide

Charles A. DiMarzio, Eric Kercher, Danny Zhao  
EECE-4649 Dialogues of Civilization  
Northeastern University  
Universidad de los Andes

May 2019

# Background and Significance

- The Disease and Importance
- Diagnostic Techniques Available
- The Problem we Want to Solve
- Our Standard for Success
- Possibly more than one slide

Citations and Acknowledgements where Needed

*Bullwinkle, Moose Letters 2019*

Acknowledge Things you “Borrowed”

# Our Work

- Our model or algorithm, or calculation, or whatever
- Almost certainly more than one slide

# Results

- What we learned (Quantitative)
- How we prove it's right (chain of intermediate results?)
  - Put this first?
  - Organize it so it flows well.
- Probably more than one slide

# Discussion

- What it all means

# Future Directions

- What could be done in the future?
- *e.g.* Directed Study, Capstone, Senior Thesis, *etc.*
- **Probably Just One Slide**
